

CCR – College and Career Readiness

Useful Tips for Parents and Students:

Identify Interests and Abilities

- Celebrate student strengths, point them out regularly
- Support participation in a variety of interests & activities including sports, clubs, arts, leadership, and service

Improve your Academic Skills

- Encourage career exploration and school achievement
- Realize performance now directly effects future success
- Maintain good attendance and a positive attitude
- Ask for help from a teacher, parent, counselor or friend. Teachers are available to help after school
- Stay organized – use a planner and check skyward
- Make study time a part of your routine. Use end of class time to finish work. Do today's homework today
- Study smart in a quiet place for about 1 hour per day
- Believe in yourself – you can do it. Set goals for school
- For tests- be prepared, relax, come back to hard questions and show work. Ask teachers for tips about what to study.

Develop the Best Available Schedule

- Fulfill 7th and 8th grade Completion and High School Grad. Requirements
- Explore all course offerings
- Plan a challenging & balanced schedule
- Learn college entrance requirements

Parents Should Become Involved

- Students want parents involved. Parents influence their student's educational success more than any other factor
- Attend CCR & parent conferences
- Use alpineschools.org ; click families and then skyward - login to regularly monitor grades and attendance

Create a Plan for High School and Beyond

- Visit canyonview.alpineschools.org/counseling/
- Learn about Utah job supply and demand trends <https://jobs.utah.gov/wi/data/library/occupation/occupationdash.html>
- Develop a plan to pay for college using savings, scholarships & other resources.
- Research college and career options that fit student's interests and abilities but also prepare them for a wide range of necessary jobs. Explore colleges, careers and ways to prepare & pay for college @ careeronestop.org

TIMPANOGOS H.S

28 Total Credits Required

(9th grade required classes are 1.0 credit English 9, 1.0 credit Math, 1.0 credit Science, .5 credit World Geog., .5 credit World Civ., and .5 credit P.E. Some of these classes are not offered at the local high schools.)

Credit recovery can be done through Alpine School District summer school courses, BYU Independent Study, East Shore High School, or a state approved competency testing center. There is a cost for most options. Contact your Counselor for more information.

11 Survival Words in Planning for School Success

11. Credit – .25 Credits are awarded for each D- grade or higher. Certain credits are required to earn certificates for completing Jr. High and H.S. Failing or taking fewer classes means you must make up credit in Summer School (9th-12th), East Shore High (9th-12th) or an approved school.

10. MTECH – Mountainland Technology College has certification programs for entry-level careers in health care, auto repair, computers, culinary arts, manufacturing, commercial truck driving, apprenticeships (HVAC, plumbing and electrician), and welding. Classes can be taken during H.S. for credit at a significant discount. <https://mtec.edu/>

9. Financial Awareness - learn how to pay for your college education. The Utah Educational Saving Plan (UESP) is one option www.uesp.org/ The FAFSA (Free Application for Federal Student Aid) can be filed fall of your senior year. Some students qualify for grants (free money) that are used to help pay for college <https://fafsa.gov/>

8. ACT - The American College Test measures your preparedness for college in math, English, science and reading. The ACT is required for college entrance. It can be taken more than once, but is recommended during your junior or senior year of H.S.

7. Cumulative GPA - an avg. of grades earned throughout school. Divide total grade points by total classes (A = 4, B = 3, C = 2, D = 1 and add .3 for each + and subtract .3 for each -).

6. AP/Honors - advanced courses that may be taken in high school. Passing AP tests will give you college credit.

5. Concurrent Enrollment - an opportunity for high school students to earn college credit while in high school at a huge savings. Most classes count for both H.S. and college credit. For more information go to <https://www.uvu.edu/concurrent/>

4. Utahmajors.org – find out which certificates or degrees are offered at local public colleges. Search by degree or college.

3. schools.shmoop.com/utah – a website designed to help Utah students prepare for the ACT, AP and other test. Free test preparation is available to all Utah students. Visit the above website, select your school, and make an account. The magic word is “FLATTOP” (all caps).

2. Scholarships - cash awards used to pay some or all tuition, book and other college costs. Grades, talents and leadership skills can qualify a student for scholarships. Use the local H.S. Counseling websites to view lists of available scholarships or ask your counselor.

1. Utah Opportunity Scholarship – requires a 3.3 High School GPA and completion of 3 AP or Concurrent Enrollment courses (1 in each subject) in Math, Science & Language Arts, complete FAFSA - see <https://ushe.edu/state-scholarships-aid/>
